

Gravel Watch Ontario

2014 Community Public Meeting “DAVID vs. GOLIATH”

How little guys can take on big corporations... and win!

- You can fight city hall... but you're better off working to gain their support!
- It's not always what's in the company's reports that's important; it's what's not in them that may be critical!
- How to prepare, and what you need to know, for an OMB hearing.
- Building a winning team – leaders, workers, supporters, experts & advocates.
- Prioritizing resources – making the most of your people and funds.
